DETAILED ACTION

Reasons for Allowance

Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 1 and 11, the closest prior art of record, applicant's admitted prior art (Fig. 2 of drawing) does not disclose the following limitations: each LUT is adapted to receive a combined index value generated based on a current input signal power measure and a previous input signal power measure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
